

CITY OF LODI COUNCIL COMMUNICATION

AGENDA TITLE: Adopt Resolution Disbanding the Community Separator/Greenbelt Task Force and the Grape Bowl Ad Hoc Committee

MEETING DATE: November 2, 2011

PREPARED BY: City Clerk

RECOMMENDED ACTION: Adopt resolution disbanding the Community Separator/Greenbelt Task Force and the Grape Bowl Ad Hoc Committee.

BACKGROUND INFORMATION: This item is being brought forward at the request of the Mayor. Upon a cursory review of the Local Appointments List which sets forth the various boards, committee and commissions of the City of Lodi, it is determined that the list contains two inactive committees – the Community Separator/Greenbelt Task Force and the Grape Bowl Ad Hoc Committee. Disbandment of these two committees is recommended for the following reasons:

Community Separator/Greenbelt Task Force – The Task Force was created in December 2003 to create a greenbelt community separator to preserve open space and agricultural farmland between the cities of Lodi and Stockton, to explore and investigate a variety of models available as utilized in other cities to accomplish the separator and open space plan, and make recommendations to the City Council. The subject matter was discussed at various times with the City Council, Planning Commission, County Board of Supervisors and property owners. The last action by the City Council in November 2007 was to place the Task Force on a hiatus to allow the area property owners, City staff, and County staff and officials to develop an alternative County zoning for the effected property which has not occurred as of this date due to the lack of financial resources. The Task Force has six vacancies and several members requested to be removed off the notification list. The Task Force last met five years ago in November 2006.

Grape Bowl Ad Hoc Committee – The Committee was created in November 2005 to obtain community input and explore opportunities, constraints, and costs associated with future use and improvements of the Grape Bowl. An ad hoc committee by nature is designed to exist for a short period of time to complete a specific task which the Committee did in July 2006 and October 2007 when it provided its recommendations to the City Council. The Committee last met four years ago in October 2007.

Notwithstanding the proposed disbandment of the existing committees, similar committees can be created at any time in the future should a related issue arise. It is therefore recommended that the City Council adopt the resolution disbanding the Community Separator/Greenbelt Task Force and the Grape Bowl Ad Hoc Committee.

FISCAL IMPACT: Not applicable.

FUNDING AVAILABLE: Not applicable.
